

4-Amino-2-chloropyrimidine-5-carbonitrile

Art. ID TRC-A604030-1G
Unit 1 g
Deliverydetails No Dangerous Good /not restricted

Description

Category: Amines, Aromatics, Heterocycles, Pharmaceuticals, Intermediates and Fine Chemicals /// Appearance: Brown Solid /// Application Notes: 4-Amino-2-chloropyrimidine-5-carbonitrile is a potential substituent in the synthesis of anti-anxiety, anti-depressant and anti-psychotic agents. /// References: Becker, I., et al.: J. Heterocyclic. Chem., 45, 1005 (2008)
