

2-Amino-1-(4-methylphenyl)ethanol-d3

Art. ID TRC-A609182-2.5MG
Unit 2,5 mg
Deliverydetails No Dangerous Good

Description

Category: Amines, Aromatics, Isotope Labelled Compounds /// Appearance: Light Yellow Solid /// Application Notes: A alpha-substituted phenylethanolamines that binds reversibly to the octopaminergic receptor. /// References: Hirashima, A. et al.: Comp. Biochem. Phys. C, 103C, 321 (1992).
