

2-Amino-6-mercaptopurine

Art. ID TRC-A611830-250MG
Unit 250 mg
Deliverydetails De Minimis UN2811 III E1

Description

Category: Inhibitor, Nucleotides, Bases and Related Reagents, Sulfur and Selenium Compounds, /// Appearance: Yellow to Green Solid /// Application Notes: The compound produced dose-dependent inhibition of stimulated expression of TRAIL protein. /// References: Thomas, C.W., et al.: J. Pharmacol. Exp. Ther., 312, 537 (2005)
