

(S)-(-)-1-Amino-2-(methoxymethyl)pyrrolidine

Art. ID TRC-A611925-1G
Unit 1 g
Deliverydetails No Dangerous Good /not restricted

Description

Category: Aromatics, Chiral Reagents, Heterocycles /// Appearance: Liquid /// Application Notes:

(S)-(-)-1-Amino-2-(methoxymethyl)pyrrolidine is a disubstituted pyrrolidine.

(S)-(-)-1-Amino-2-(methoxymethyl)pyrrolidine undergoes condensation reactions with carbonyl compounds to produce hydrazones which are useful for highly enantioselective synthesis. /// References: Enders, D. et al.: Tetrahed.
