

6-Amino-1-methyl-5-nitrosouracil

Art. ID TRC-A616980-10G
Unit 10 g
Deliverydetails No Dangerous Good /not restricted

Description

Category: Amines, Heterocycles, Nucleotides, Bases and Related Reagents /// Appearance: Purple Solid ///
Application Notes: 6-Amino-1-methyl-5-nitrosouracil is known to exhibit antimicrobial activity and form complexation with platinum (II). /// References: Gaballa, A.S., et al.: Molec. Biomolec. Spectro. 75A, 146 (2010)
