

4-Amino-1-Naphthaleneacetic Acid Methyl Ester

Art. ID TRC-A618315-500MG
Unit 500 mg
Deliverydetails No Dangerous Good

Description

Category: Agro-Products, Aromatics, Pharmaceuticals, Intermediates and Fine Chemicals /// Application Notes: 1-Aminonaphthalene-4-acetic Acid Methyl Ester Hydrochloride, is an ester derivative of 1-Naphthaleneacetic Acid (NAA) (N377665), which is widely used in agriculture for various purposes. /// References: Lu, Q. M., et al.: J. Agric. Food Chem., 58, 2763 (2010)
