

1-Aminopyrrolidin-2-one Hydrochloride

Art. ID TRC-A628805-1G
Unit 1 g
Deliverydetails No Dangerous Good

Description

Category: Amines /// Application Notes: 1-Aminopyrrolidin-2-one Hydrochloride is used for the optimization of dihydropyrrolopyrazole series for transforming the growth factor-beta type I receptor kinase domain inhibitor and also for the discovery of an orally bioavailable antitumor agent. /// References: Li, H., et al.: J. Med. Chem., 51, 2302 (2008)
