

Aflatoxin B2-d3

Art. ID TRC-A357467-2.5MG
Unit 2,5 mg
Deliverydetails De Minimis

Description

Category: Chiral Reagents, Isotope Labelled Compounds, Metabolites and Impurities, Pharmaceuticals, Intermediates and Fine Chemicals /// Application Notes: Aflatoxin B2 labelled standard. Aflatoxins B1, B2, G1, G2 as secondary metabolites of fungal species such as *Aspergillus flavus* or *Aspergillus parasiticus* growing on a variety of foods (peanuts, nuts, spices, cereals). Aflatoxins are a group of very carcinogenic mycotoxins with hepatotoxic effects. Environmental contaminants, Food contaminants /// References: Cifford, R., et al.: Nature, 209, 312 (1966), Wogan, et al.: Food Cosmet. Toxicol., 12, 681 (1974), Sinz, M.W., et al.: J. Toxicol.
