

1-Amino Hydantoin Hydrochloride

Art. ID TRC-A611090-1G
Unit 1 g
Deliverydetails No Dangerous Good /not restricted

Description

Category: Amines, Heterocycles, Metabolites and Impurities /// Appearance: Off-White to Light Beige Solid ///
Application Notes: A metabolite of Nitrofurantoin. Environmental contaminants, Food contaminants, Heat processing
contaminants /// References: Tribalat, L., et al.: Anal. Bioanal. Chem., 386, 2168 (2006), XXX
