

## **2-Amino-3-methyl-9H-pyrido[2,3-b]indole-d3**

Art. ID TRC-A617502-0.5MG  
Unit 0,5 mg

### Description

Category: Isotope Labelled Compounds, Mutagenesis Research Chemicals /// Appearance: Light Beige to Light Brown Solid /// Application Notes: A pyrolysate of protein that exhibits potent mutagenic principles toward Salmonella typhimurium TA98 and TA100. /// References: Sugimura, T., et al.: Mutation Research, 290, 43 (1993), Eisenbrand & Tang: Toxicology, 84, 1 (1993)
