

6-(Aminocarbonyl)pyridine-3-boronic Acid

Art. ID TRC-A794830-100MG
Unit 100 mg
Deliverydetails No Dangerous Good

Description

Application Notes: 6-(Aminocarbonyl)pyridine-3-boronic Acid is a reagent in the identification of highly potent compounds against human malaria parasite Plasmodium falciparum. /// References: Le Manach, C., et al.: J. Med. Chem., 59, 9890-9905 (2016)
