

5-Aza-2'-deoxy Cytidine Diphosphate

Art. ID TRC-A798850-10MG
Unit 10 mg
Deliverydetails No Dangerous Good

Description

Category: Carbohydrates and Derivatives, Nucleotides, Bases and Related Reagents, Pharmaceuticals, Intermediates and Fine Chemicals, Phosphorylating and Phosphitylating Agents /// Application Notes:

5-Aza-2'-deoxy Cytidine diphosphate is a diphosphate nucleoside derived from 5-Aza-2'-deoxy Cytidine (A796950), a anticancer agent which exhibits inhibitory effects on the growth of pancreatic endocrine tumor cell lines. ///
