

AZD4547

Art. ID TRC-A808120-10MG
Unit 10 mg
Deliverydetails No Dangerous Good

Description

Category: Aromatics, Heterocycles, Pharmaceuticals, Intermediates and Fine Chemicals, Tyrosine Kinase Inhibitors
/// Appearance: Pale Yellow Solid /// Application Notes: AZD4547 is a bioavailable, potent, and selective inhibitor of the fibroblast growth factor receptor (FGFR) tyrosine kinases. AZD4547 is particularly effective in inhibiting FGFR1, 2, and 3 tyrosine kinases and is under clinical investigation for the treatment of FGFR-dependent tumors. ///
