

1,6-Anhydro-3,4-O-isopropylidene-2-tosyl-beta-D-galactopyranose

Art. ID TRC-A648600-1G

Unit 1 g

Description

Category: Aromatics, Carbohydrates and Derivatives, Sulfur and Selenium Compounds /// Appearance: White Solid
/// Application Notes: 1,6-Anhydro-3,4-O-isopropylidene-2-tosyl-beta-D-galactopyranose is used in the HPLC detection and evaluation of chiral compounds with a laser-based chiroptical detector. /// References: Reitsma, B., et al.: J. Chromatogr., 362, 353 (1986), Lloyd, D., et al.: Anal. Chem., 61, 1238 (1989), XXX
