

## **1,4-Anhydro-D-mannitol**

Art. ID TRC-A648975-100MG  
Unit 100 mg

### Description

Category: Carbohydrates and Derivatives /// Appearance: White Solid /// Application Notes: A carbohydrate metabolism regulator that has been shown to inhibit gluconeogenesis from lactate plus pyruvate and from substrates that enter the gluconeogenic pathway as triose phosphate. /// References: Sinclair, H., et al.: Carbohydr. Res., 127, 146 (1984)
