

6-Allyldihydronorisolysergic Acid Methyl Ester

Art. ID TRC-A549630-5MG
Unit 5 mg
Deliverydetails No Dangerous Good

Description

Category: NeuroChemicals Pharmaceuticals, Intermediates and Fine Chemicals /// Appearance: Yellow Solid ///
Application Notes: 6-Allyldihydronorisolysergic Acid Methyl Ester is a intermediate in the synthesis of the S-isomer of Cabergoline (C050000), a dopamine D2-receptor agonist. /// References: Cerny, A., et al.: Collect.
