

4-Amino-5-(bromomethyl)-2-methylpyrimidine Dihydrobromide

Art. ID TRC-A601820-500MG
Unit 500 mg
Deliverydetails No Dangerous Good

Description

Category: Amines, Heterocycles, Protein Kinase Inhibitors and Activators /// Appearance: Light Beige Solid ///
Application Notes: A pyrimidine derivative as G protein-coupled receptor kinase (GRK) inhibitor. /// References:
Bigham, E., et al.: J. Med. Chem., 35, 1399
