

2-Amino-5-chlorobenzonitrile

Art. ID TRC-A602870-5G
Unit 5 g
Deliverydetails No Dangerous Good /not restricted

Description

Application Notes: 2-Amino-5-chlorobenzonitrile is a reactant that has been used in the synthesis of pyrazine semicarbazide derivatives with herbicidal activity. /// References: Ma, Q., et. al.: Youji Huaxue, 33, 1749 (2013)
