

N-(2-Aminoethyl)-2,2-diphenylcyclopropanecarboxamide

Art. ID TRC-A607890-250MG
Unit 250 mg
Deliverydetails No Dangerous Good

Description

Category: Intermediates, Pharmaceuticals, Intermediates and Fine Chemicals /// Appearance: Light Orange to Yellow Solid /// Application Notes: N-(2-Aminoethyl)-2,2-diphenylcyclopropanecarboxamide is an intermediate in the synthesis of Cibenzoline (Cifenline). /// References: Ross, A.J., et al.: J. Pharmaceut. Sci., 76, 306 (1987)
