

8-Aminohypoxanthine

Art. ID TRC-A611805-1G
Unit 1 g
Deliverydetails No Dangerous Good

Description

Category: Nucleotides, Bases and Related Reagents /// Appearance: Off-White Solid /// Application Notes:
8-Aminohypoxanthine was investigated as a purine nucleoside phosphorylase inhibitor in human erythrocytes. ///
References: Stoeckler, J.D., et al.: Biochem. Pharmacol., 31, 163 (1982)|
