

(5-Amino-6-methoxypyrazin-2-yl)boronic Acid

Art. ID TRC-A611895-2.5G
Unit 2,5 g
Deliverydetails No Dangerous Good

Description

Category: Amines, Aromatics, Boron Derivatives, Pharmaceuticals, Intermediates and Fine Chemicals ///

Application Notes: (5-Amino-6-methoxypyrazin-2-yl)boronic Acid has been used as a reactant for the preparation of aminoquinazolinone compounds to be used for the treatment of cell proliferative diseases.
