

(5-Amino-6-(methoxy-d3)pyrazin-2-yl)boronic Acid

Art. ID	TRC-A611897-25MG
Unit	25 mg
Deliverydetails	No Dangerous Good

Description

Category: Amines, Aromatics, Boron Derivatives, Isotope Labelled Compounds, Pharmaceuticals, Intermediates and Fine Chemicals /// Application Notes: (5-Amino-6-(methoxy-d3)pyrazin-2-yl)boronic Acid is the labeled analogue of (5-Amino-6-methoxypyrazin-2-yl)boronic Acid (A611895). (5-Amino-6-methoxypyrazin-2-yl)boronic Acid has been used as a reactant for the preparation of aminoquinazolinone compounds to be used for the treatment of cell proliferative diseases.
