

2-Aminoisobutanoic Acid Methyl Ester Hydrochloride

Art. ID TRC-A612240-1G
Unit 1 g
Deliverydetails No Dangerous Good

Description

Appearance: White Powder /// Application Notes: 2-Aminoisobutanoic Acid Methyl Ester Hydrochloride is an derivative of Alanine (A481400), an amino acid that occurs naturally in nature. /// References: Naveed S. et al.: Diab., 53, 11 (2004)| Barlind, J. et al.: Bioorg. Med. Chem. Lett., 23, 2721 (2013)|
