

Amino Nimesulide NAC Adduct Sodium Salt

Art. ID TRC-A618515-10MG
Unit 10 mg
Deliverydetails No Dangerous Good

Description

Category: Aromatics, Inhibitors, Pharmaceuticals, Intermediates and Fine Chemicals, Sulfur and Selenium Compounds /// Appearance: Light Pink Solid /// Application Notes: Amino Nimesulide is an analog of Nimesulide (N477500), an antiinflammatory agent. Preferentially inhibits COX-2 over COX-1. Suppresses chemical-induced carcinogenesis in mice and rats. Inhibits LPS-induced TNF-alpha production. /// References: Pairet, M., et al.: Inflamm.
