

N-(5-Aminopentyl)maleimide Trifluoroacetic Acid Salt

Art. ID	TRC-A619900-250MG
Unit	250 mg
Deliverydetails	No Dangerous Good

Description

Category: Amines, Heterocycles, Pharmaceuticals, Intermediates and Fine Chemicals, MTS and Sulfhydryl Active Reagents /// Application Notes: N-(5-Aminopentyl)maleimide Trifluoroacetic Acid Salt is used in the preparation of site directed maleimide bifunctional chelators for technetium and rhenium. /// References: Banerjee, S. et al.: Dalton Trans., 24, 3886 (2005)|
