

7-Amino-3-(1-pyridylmethyl)-3-cephem-4-carboxylic Acid Hydroiodide

Art. ID TRC-A632580-100MG
Unit 100 mg
Deliverydetails No Dangerous Good

Description

Category: Chiral Reagents, Heterocycles, Impurities, Pharmaceuticals, Intermediates and Fine Chemicals, Sulfur and Selenium Compounds /// Appearance: Light Orange to Light Brown Solid /// Application Notes: 7-Amino-3-(1-pyridylmethyl)-3-cephem-4-carboxylic acid Hydroiodide, is an impurity of Ceftazidime (C244100). Ceftazidime impurity B. /// References: Miyake, A., et al.: Antimicrob. Agents Chemother., 486, 182 (1989), Seibert, G., et al.: Arzneim.-Forsch., 33, 1084 (1983)
