

Androstanolone 17-O-beta-D-Glucuronide

Art. ID TRC-A637655-100MG
Unit 100 mg
Deliverydetails No Dangerous Good

Description

Category: Glucuronides, Metabolites and Impurities, Pharmaceuticals, Intermediates and Fine Chemicals, Steroids
/// Application Notes: Androstanolone 17-O-beta-D-Glucuronide is the glucuronide conjugate of Androstanolone (A637540) and a major conversion product of Testosterone (T155000). Studies show that Androstanolone 17-O-beta-D-Glucuronide was significant lower in patients with benign prostatic hyperplasia (BPH). /// References: Moghissi, E. et al.: J. Clin. Endocrinol.
