

L-Ascorbic Acid 2-(Dihydrogen phosphate) N,N-Dicyclohexylcyclohexanamine

Art. ID TRC-A787005-100MG
Unit 100 mg
Deliverydetails No Dangerous Good

Description

Application Notes: L-Ascorbic acid 2-phosphate (AA2P) is a long-acting ascorbic acid derivative that stimulates collagen expression and formation and is used in human cell culture. /// References: Kurata, S., et al.: J.
