

4-Azidobutyl-d8-amine

Art. ID TRC-A822562-10MG
Unit 10 mg
Deliverydetails No Dangerous Good

Description

Category: Amines, Isotope Labelled Compounds, Miscellaneous Reagents /// Application Notes:
4-Azidobutyl-d8-amine is the labeled analogue of 4-Azidobutylamine (A822560), which is weakly or non-mutagenic to Salmonella typhimurium. /// References: Owais, W.M., et. al.: Mutat. Res. Genetic Toxicol. Testing, 118, 229 (1983)
