

Absinthin

Art. ID TRC-A111600-50MG
Unit 50 mg
Deliverydetails No Dangerous Good

Description

Category: Heterocycles, Pharmaceuticals, Intermediates and Fine Chemicals /// Appearance: White to Off-White Solid /// Application Notes: Absinthin is an extract from the bitter liquor Absinthe, which owes its taste to substances found in the wormwood plant used in its formulation. Absinthin contributes to this bitter taste through action upon the hTAS2R14 bitter taste receptor. /// References: Lachenmeier, D. et al.: Food Res. Int., 40, 167 (2006)|
