

## **N-Acetylaminoethylphosphoric Acid-d3**

Art. ID TRC-A168257-10MG  
Unit 10 mg  
Deliverydetails No Dangerous Good UN3261 III E1

### Description

Application Notes: Isotope labelled N-Acetylaminoethylphosphoric Acid is been found to show inhibitory properties towards ureases. /// References: Berlicki, L. et al.: Amino Acids, 42, 1937 (2012)|
