

## **5-Amino-2-cyanobenzotrifluoride**

Art. ID TRC-A603630-50G  
Unit 50 g  
Deliverydetails No Dangerous Good /not restricted

### Description

Category: Amines, Aromatics, Intermediates /// Appearance: Off-White Solid /// Application Notes:  
5-Amino-2-cyanobenzotrifluoride (Bicalutamide EP Impurity D) is used for the preparation of benzene derivatives as non-steroidal androgen receptor modulators. /// References: Xiao, H.-Y., et al.: Bioorg. Med. Chem. Lett., 20, 4491 (2010)
