

6-Amino-5(2,2-diethoxyethyl)-4-hydroxy-2-mercaptopyrimidine

Art. ID TRC-A604875-1G
Unit 1 g
Deliverydetails No Dangerous Good

Description

Category: Amines, Aromatics, Heterocycles, Nucleotides, Bases and Related Reagents, Intermediates, Sulfur and Selenium Compounds /// Appearance: White to Off-White Solid /// Application Notes: Intermediate in the production of thymidine phosphorylase inhibitors. /// References: Reigan, P., et al.: Bioorg. Med. Chem. Lett., 14, 5247 (2004)
