

12-Aminododecyl Methanethiosulfonate Hydrochloride

Art. ID TRC-A608814-2.5MG
Unit 2,5 mg
Deliverydetails No Dangerous Good

Description

Category: Aliphatics, Amines, MTS and Sulfhydryl Active Reagents /// Appearance: Off-White to Light Pink Solid /// Application Notes: Reacts specifically and rapidly with thiols to form mixed disulfides. /// References: Xu, M. & Akabus, M.H.: J.
