

2-Amino-2-oxo-acetic Acid Ethyl Ester

Art. ID TRC-A618610-50G
Unit 50 g
Deliverydetails No Dangerous Good /not restricted

Description

Category: Miscellaneous Reagents /// Application Notes: 2-Amino-2-oxo-acetic Acid Ethyl Ester is a reagent used to prepare methanotetrahydroisoquinolinecarboxylic acid. It can also be used in preparation of 1,2,4-Thiadiazole, a Cathepsin B inhibitor. /// References: Czombos, J., et al.: J. Org. Chem., 65, 5469 (2000) | Leung-Toung, R., et al.: Bioorgan. Med.
