

2-Aminobenzenboronic acid pinacol ester

Art. ID TRC-A622515-2.5G
Unit 2,5 g
Deliverydetails No Dangerous Good /not restricted

Description

Application Notes: 2-Aminobenzenboronic acid pinacol ester is a reagent used to synthesize regiospecific quinolines. It can also be used to synthesize (±)-Epimeloscine and (±)-Meloscine. /// References: Zhang, H., et al.: J. Am. Chem. Soc. 133, 10376 (2011)| Horn, J., et al.: Org. Lett 10, 4117 (2008)
