

Asp(5)-Desmopressin Acetate Salt

Art. ID	TRC-A788625-5MG
Unit	5 mg
Deliverydetails	No Dangerous Good

Description

Application Notes: Asp(5)-Desmopressin Acetate Salt is a impurity of Desmopressin Acetate (D296790), a synthetic analog of Vasopressin with antidiuretic activity and decreased pressor effects. Desmopressin improves hemostasis by increasing plasma levels of von Willebrand factor, factor VIII and tissue plasminogen activator. Desmopressin is a antidiuretic and hemostatic. /// References: Mannucci, P.M., et al.: Blood, 90 2515 (1997)| Kaufmann, J. E., et al.: Haemostasis, 1, 682 (2003)
