

5-Acetylpyrimidine

Art. ID TRC-A164270-5G
Unit 5 g
Deliverydetails No Dangerous Good

Description

Category: Amines, Aromatics, Heterocycles /// Application Notes: A substituted pyrimidine used in the study for prediction of relative potency of ketone protease inhibitors using molecular orbital theory. /// References: Chan, A. W. E., et al.: Bioorg. Med. Chem., 4, 1673 (1996)
