

8-Aminoguanine

Art. ID TRC-A609860-2.5G
Unit 2,5 g
Deliverydetails No Dangerous Good

Description

Category: Nucleotides, Bases and Related Reagents /// Appearance: Off-White To Pale Yellow Solid /// Application Notes: 8-Aminoguanine accelerates DNA tetramolecular G-quadruplex formation. /// References: Chae, M-Y, et al.: J. Med. Chem., 38, 359 (1995)| Gros, J., et al.: J. Chem. Commun., 25, 2926 (2008)
