

3-Amino-6-nitro-4-phenyl-2(H)-quinolinone

Art. ID TRC-A618755-50MG
Unit 50 mg
Deliverydetails No Dangerous Good

Description

Application Notes: 3-Amino-6-nitro-4-phenyl-2(H)-quinolinone is a chemical reagent used in the preparation of 3-aminoquinolin-2-one derivatives as ways to stave off parasitic infections like leishmaniasis and trypanosomiasis. Nitrazepam (N490140), impurity. /// References: Muscia, G. et al.: J. Chilean Chem. Soc., 51, 859 (2006)|
