

3-Amino-1-propanesulfonyl Chloride Hydrochloride

Art. ID TRC-A628075-500MG
Unit 500 mg
Deliverydetails No Dangerous Good

Description

Application Notes: 3-Amino-1-propanesulfonyl Chloride Hydrochloride is used in the synthesis of 5 and six membered sultams which can be used in large scale organic synthesis. /// References: Shewalkar, M. et al.: Lett. Org. Chem., 10, 518 (2013)|
