

4-Amino-1,1,3-trimethylindane

Art. ID TRC-A631810-100MG
Unit 100 mg
Deliverydetails No Dangerous Good

Description

Application Notes: 4-Amino-1,1,3-trimethylindane is used as a reagent in the synthesis of (difluoromethylnicotinic)indanyl carboxamides as fungicides useful in crop protection. /// References: Maechling, S., et al.: PCT Int. Appl. WO 2014095675 A1 20140626. Jun 26, 2014
