

cis-Asenapine Maleate

Art. ID TRC-A788045-100MG
Unit 100 mg
Deliverydetails No Dangerous Good

Description

Application Notes: cis-Asenapine (Z)-2-Butenedioate can be used in synthetic preparation of amines by activation of amides by chloromethylsilane and redn. with lithium aluminum hydride. /// References: Ravinder, B., et al.: Tetrahedron Lett., 54, 4908-4913 (2013)
