

Allopregnandiol 20-(Hydrogen Sulfate) Sodium Salt

Art. ID	TRC-A546850-250MG
Unit	250 mg
Deliverydetails	No Dangerous Good

Description

Application Notes: (3beta,5alpha,20R)-Pregnane-3,20-diol, 20-Sulfate Sodium Salt is sulfate conjugated metabolite of Allopregnandiol (CAS#516-33-0). (3beta,5alpha,20R)-Pregnane-3,20-diol, 20-Sulfate Sodium Salt can be obtained from 5alpha-Pregnan-3beta-ol-20-one 3beta-Acetate (P711315) which is a derivative of Pregnenolone (P712200), a steroid hormone involved in the steroidogenesis of progesterone, mineralocorticoids, glucocorticoids, androgens, and estrogens. As such it is a prohormone. Pregnenolone is a GABAA antagonist and increases neurogenesis in the hippocampus. It is a modulator of cytochrome P 450-3A. /// References: Bjondahl, K., et al.: Med. Biol., 54, 454
