

1-Adamantylcarboxaldehyde

Art. ID TRC-A208600-5G
Unit 5 g
Deliverydetails No Dangerous Good

Description

Application Notes: 1-Adamantylcarboxaldehyde is an intermediate used to prepare 2-adamantyl-substituted thiazolidin-4-ones with anti-HIV activities. It is also used to synthesize Saxagliptin (S143500). /// References: Balzarini, J., et al.: Eur. J. Med. Chem., 42, 993 (2007)| Augeri, D., et al.: J. Med. Chem., 48, 5025 (2005)
