

6-Aminoquinolyl-N-hydroxysuccinimidyl Carbamate 90%

Art. ID	TRC-A629140-250MG
Unit	250 mg
Deliverydetails	No Dangerous Good

Description

Category: Amines, Aromatics, Heterocycles, Pharmaceuticals, Intermediates and Fine Chemicals /// Appearance: White to Yellow Solid /// Application Notes: 6-Aminoquinolyl-N-hydroxysuccinimidyl Carbamate is used as derivatization reagent for detecting hydrogen cyanamide in fruit. /// References: Cohen, S., et al.: Anal. Biochem., 211, 279 (1993)| Oreiro-Garcia, M., et al.: Biomed. Chromatogr., 19, 720 (2005)| Pramanik, S., et al.: B. Environ. Contam. Tox., 82, 644 (2009)|
