

2,2'-Azobis[2-methyl-propanimidamide] Dihydrochloride

Art. ID TRC-A932650-100G
Unit 100 g
Deliverydetails ADR Limited Quantity (LQ) / AIR Dangerous Good (DG) UN3226 E0

Description

Category: Amines, Miscellaneous Reagents, Pharmaceuticals, Intermediates and Fine Chemicals /// Appearance: White Solid /// Application Notes: 2,2'-Azobis[2-methyl-propanimidamide Dihydrochloride is used to prepare Resveratrol and its analogues for use as antioxidants. Also acts as an antioxidant. Also an impurity found in Colesevelam. /// References: Fang, J. et al.: Chem. Eur. J., 8, 4191 (2002)| Prior, R. et al.: J. Agri. Food Chem., 51, 3273 (2003)|
