

Acetylacetonatobis(ethylene)rhodium(I)

Art. ID	TRC-A171193-2.5MG
Unit	2,5 mg
Deliverydetails	De Minimis /not restricted

Description

Application Note: Acetylacetonatobis(ethylene)rhodium(I) is a useful research chemical, a catalyst for the preparation and optical resolution of (tetramethyl)spirobiindane-diol and other useful research chemicals.
