

Apigenin 4'-O-beta-D-Glucuronide Sodium Salt (~90%)

Art. ID TRC-A726513-1MG
Unit 1 mg
Deliverydetails De Minimis

Description

Application Note: Flavone component of the aerial parts of alfalfa (*Medicago sativa* L.) and pyrethrum flowers (*Chrysanthemum cinerarifolium*). Apigenin 4'-O-beta-D-Glucuronide can be utilized for food or feed use and biological study of chemical composition of protein-xanthophyll concentrate dietary supplement made from alfalfa.
