

L-Arginine

Art. ID TRC-A769505-100MG
Unit 100 mg
Deliverydetails No Dangerous Good /not restricted

Description

Application Note: L-Arginine is an essential amino acid for human development and a precursor for nitric oxide (1,2,3). Ammonia detoxicant (hepatic failure), diagnostic aid (pituitary function). A study suggested that combining L-arginine-insulin may be a novel method to ameliorate ischemia-reperfusion injury (3).
